

Madison Buhse

UX Designer

I leverage design strategy, storytelling, and graphic design to create beautiful products. With a background in architecture, I've learned to work with a team to meet users needs and behaviors while also balancing them with the clients needs. My strengths are my creativity, attention to detail, and being persistent when solving difficult issues.

EDUCATION

UX/UI Design Certificate

University of Texas at Austin - 2023-Present

Architecture

California Polytechnic State University - 2020-2023

PROJECTS

Healthcare Genie

A comprehensive healthcare app that makes finding providers easier for young adults.

TOOLS: Figma, Miro, Google Drive

TrailScout

Your own personal guide to the outdoors in an app. The app provides a safety feature that makes sure you're safe while exploring the outdoors.

TOOLS: Figma, Miro, Google Drive

Waterloo Records

My team and I redesigned the website for a local record shop, we simplified the layout while staying true to the store's feel and vibe.

TOOLS: Figma, Miro, Google Drive
